

# Barcode Decals and Cards

## for Automatic Vehicle Identification and Access Control

Specifications subject to  
change without notice

**No Setup Charge • No Minimum Quantity • Fast Turnaround • 2 Year Warranty**

Barcode Decals and Cards for BAI readers are available in the color combinations shown below. We also print labels and decals in black on white for scanners from Accu-Sort, AFC, AMTEL, ISI, LazerData and others (in many cases their scanners will not read other colors).

**Note:** Cleaning the glass to remove all wax, dirt and oil will greatly improve the bonding of Decals.

Barcodes can be printed in any combination of one stripe color on one background color.

| Stripe Colors | Background Colors |       |        |      |        |     |         |
|---------------|-------------------|-------|--------|------|--------|-----|---------|
|               | Black             | White | Yellow | Gold | Orange | Red | Magenta |
| Black         |                   |       |        |      |        |     |         |
| White         |                   |       |        |      |        |     |         |
| Blue          |                   |       |        |      |        |     |         |
| Green         |                   |       |        |      |        |     |         |
| Yellow        |                   |       |        |      |        |     |         |
| Orange        |                   |       |        |      |        |     |         |
| Red           |                   |       |        |      |        |     |         |
| Magenta       |                   |       |        |      |        |     |         |

Actual Colors may vary

We can also print special text or logos

BAI Barcodes (replace cc with color code from chart above)  
for example black on white would be BA-L75-BW-25

| Description                       | Part Number   |
|-----------------------------------|---------------|
| BAI-10 Decals, 3.7" x 2.5"        | BA-L85-cc-25  |
| Duplex BAI-10 Decals, 3.7" x 2.5" | BA-L85-cc-25D |
| Large BAI-10 Decals, 7" x 3.7"    | BA-L85-cc-675 |
| Cards with Barcode                | BA-L85-cc-CD1 |
| Magnetic Barcode BAI-10           | BA-L85-cc-CDM |
| BAI-8 Decals, 3.7" x 2.5"         | BA-L75-cc-25  |

Barcodes compatible with competitive products

| Description   | Part Number  |
|---|--------------|
| Decals for ISI & AMTEL, 3.7" x 3", Black on White               | BA-L75-BW-30 |
| Decals for ISI & AMTEL, 3.7" x 3", Black on Black               | BA-L75-BB-30 |
| Decals for Accu-Sort 7 & LazerData, 3.3" x 2.5", Black on White | BA-L65-BW-23 |
| Decals for AFC & LazerData, 3.7" x 2.5", Black on White         | BA-L49-BW-23 |

**Duplex Decals** are now available in BAI-10, and BAI-8 formats.

They are designed to be used with the BA-200 and BA-220 Barcode Readers and also provide the ability to spot check Vehicle ID's with a handheld scanner. In addition to the BAI Barcode information, they also have the ID information printed in a smaller barcode readable by many handheld scanners.
